High-Quality, Certified Strawberry Plants

SPECIAL SERVICE TO 4-H AND FFA CLUBS

Due to our receiving so many inquiries from County and Home Demonstration Agents in regard to plants for the coming season we are going to use the same system as we used last year in packing your orders, as follows: You tell us how many packages of 100, 200, 300, etc., you need; we pack and label each individual order separate, crate them, and ship express paid. This system is very convenient for you to deliver. We see no reason why strawberries should not be a paying proposition.
